

Hahn KT-R

Brief description

Butt hinge constructed of extruded aluminium with a wide variety of uses for PVC doors

- Suitable for all major system profile sections
- Directly mounted in frame and door
- Adjustable even when door is mounted:
 - Horizontal adjustment ± 3 mm variably using eccentric element
 - Vertical adjustment $+ 3$ mm / $- 1$ mm variable
- Fine-tuning of sealing pressure by means of adjustment in the fastening element
- Even after making adjustments, there is no misalignment of hinge.
- Vertical adjustment concealed using a plastic cap.
- Allows doors to open up 180°
- Can be used for left/right-hand doors
- Defined zero position of horizontal adjustment
- Permissible door weight 100kg
- Largely pre-assembled
- Absolutely maintenance-free
